MITJAVILA

European Manufacturing

Since 1970, our company has been ensuring the design, assembly, and production from 10 specialized units located in Southern Europe. This is also a guarantee of quality and supply chain security for all our customers.

100% Repairable

All our frames are fully dismantlable and repairable.

100% Recyclable Aluminum

All our frameworks are composed of aluminum parts, components, and profiles. They are fully dismountable and recyclable.
