 **MITJAVILA**

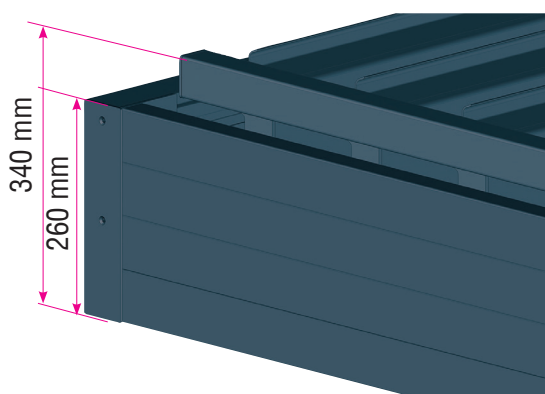

Le brise-soleil orientable HORIZON III est muni de 2 **vérins électriques, robustes et silencieux**. Ils permettent une ouverture des lames en souplesse pour ajuster au mieux l'ensoleillement de votre terrasse.

Sunbreaker pergola Horizon III is composed by 2 **electric pistons, sturdy and silent**. These pistons provide a gentle slat opening for a better adjustment of sunlight.

Les supports de fixation facilitent la pose grâce aux multiples possibilités de positionnement. Fixture supports provide an easier installation thanks to their multiple position possibilities.
